

“We just moved our offices and we sold all our old file cabinets to a second-hand furniture dealer. We didn’t bring one with us! Since purchasing *etfile* we have gone totally paperless. All our current files are ‘in the system’ and the old stuff has been moved to dead storage. I figure that we still save in the neighborhood of \$100,000 over the term of our lease because I don’t have to provide space for those paper files! *etfile* is a great system, easy to use and everybody in the office loves it.”

“*etfile* IS THE LIFE BLOOD OF OUR AGENCY”

***Jay Rogers / Brady Rogers Insurance, RI***

“Our personal lines and small commercial lines love *etfile* we ordered 4 more scanners and software for all our remote offices”

***John Petersen / Heffernan Insurance Brokers, CA***

“*etfile* is much better than our other system. We scan and attach everything. We are paperless!”

***Debra Zambrana / Gateway Insurance, FL***

“We used to only OCR our documents with our old system. Since using *etfile* and barcodes we can find our documents immediately. This is great”

***Peter Anderson / Andersen Insurance Agency, MA***

“Because of the ease of implementing it within our agency, the workflow that is integrated with our Applied Systems’ product, and the ease of getting employees up and working on it, it has been a no-brainer”.

***Greg Trimble / Trimble Insurance, OH***

Shown above, employees at Trimble Insurance Agency, Inc. work diligently removing the old paper files for scanning and archiving. Thirty file cabinets were removed during this process to clear the way for more office space. Since going paperless with etfile, Trimble Insurance Agency has been able to add 5 workstations in space that was once occupied by filing cabinets and storage areas.

Quality Service is in our mantra. etfile has been the single biggest contributor to providing that since TAM. Automated filing and retrieval of vital docs from etfile gets the information to our customers in any format they need fast! From the agents to the staff they all agree, its the greatest thing!
